- Fall Festival
- Patriotic
- Sports/Olympic
- Circus
- Carnival
- Tailgate
- Safari
- Western

Hosting a Children's Holiday Party is a fun, economical way to boost employee relations by offering activities such as photos with Santa and other events that enable busy families to spend time together.

Try hosting an employee only event in addition to your annual family day. This is a sure way to maximize interaction with your employees.

Don't spend money on unnecessary equipment. A good ratio for seating capacity is 25-35% of your attendees.
